Contract Location: Statewide or Regionally

Contract Description: The Washington State Department of Transportation is conducting a competitive solicitation to award a Contract to acquire contracted goods and/or services.

The Washington State Department of Transportation maintains a traffic monitoring program to meet internal needs and federal reporting requirements. This includes temporary traffic counts at approximately 1,000 mainline state highway and 800 ramp stations per year. Due to staffing shortages and other constraints, the Department has in recent years failed to perform enough data collection to remain compliant with federal guidelines. This solicitation is to provide traffic counting services to partially address the current backlog in data collection.

Commodity Codes: 968-85 – Traffic Counting Services

Inclusion Plan: Included

Preference/priority points:

- Washington small businesses
- Veteran-owned businesses
- Executive Order 18-03
- Statutory Preference for PCB-Free Products & Products-In-Packaging
