## ABOUT THE TRANSIT SUPPORT GRANT PROGRAM

The Washington State Legislature established the Transit Support Grant Program in 2022 as part of the resources bill for the Move Ahead Washington 16-year transportation funding package ([ESSB 5974 – 2021-22, Sec. 422](#)).

WSDOT administers the Transit Support Grant Program. The grant program provides operating and capital support to transit agencies statewide ([RCW 47.66.140](#)).

The Transit Support Grant Program receives funding through the Climate Commitment Account. Programs funded through this account have a goal of spending 35 to 40 percent of funding to benefit vulnerable populations in overburdened communities and 10 percent to benefit tribes ([RCW 70A.65.260](#)).

In its 2023 session, the Legislature added to its intent for the Transit Support Grant Program:

To the extent practicable, transit agencies shall align implementation of youth zero-fare policies with equity and environmental justice principles consistent with recommendations from the environmental justice council, and ensure low-barrier accessibility of the program to all youth.

[ESHB 1853 – 2023-2024, Sec. 12\(2\)](#)

## ABOUT THIS DOCUMENT

We've developed this document to answer questions you've asked as grantees of the Transit Support Grant Program. As we receive more questions, we'll update this document and post new versions to <https://wsdot.wa.gov/business-wsdot/grants/public-transportation-grants/grant-programs-and-awards/transit-support-grant>.

We've also formed a "low-barrier' zero-fare policies and measuring youth ridership" workgroup with representatives from transit agencies around the state to develop definitions and guidance for ESHB 1853 – 2023-24, Sec. 12(2). We'll update this document with outcomes from the workgroup.

This document doesn't supersede any grant agreement. If any sections of this document are inconsistent with the terms and conditions of your agreement, you're contractually bound to follow the agreement.

## ELIGIBILITY

### **Q: Can my agency require demonstrated need or other eligibility requirements for youth 18 and under to ride fare free?**

**A:** No. It's clear from the law you can have no limitations on who among youth 18 and under can ride fare free:

To be eligible to receive a grant, the transit agency must have adopted, at a minimum, a zero-fare policy that allows passengers 18 years of age and younger to ride free of charge on all modes provided by the agency. Transit agencies must submit documentation of a zero-fare policy for 18 years of age and under by October 1, 2022, to be eligible for the 2023-2025 biennium. Transit agencies that submit such fare policy documentation following the October 1, 2022, deadline shall become eligible for the next biennial distribution. To the extent practicable, transit agencies shall align implementation of youth zero-fare policies with equity and environmental justice principles consistent with recommendations from the environmental justice council, and ensure low-barrier accessibility of the program to all youth.

RCW [47.66.140\(2\)](#) as revised by [ESHB 1853 – 2023-24, Sec. 12\(2\)](#)

### **Q: What kinds of projects are eligible under Transit Support grants?**

**A:** You may use Transit Support Grant funds for the following operating and capital projects:

- Providing transit service.
- Vehicle/equipment purchases to support transit service.
- Construction to support transit service.
- Other transit-related projects (i.e., training, mobility management).

### **Q: Is Sound Transit eligible for Transit Support grants?**

**A:** No. Sound Transit, as a regional transit authority:

...may not receive any state grant funds provided in an omnibus transportation appropriations act except transit coordination grants created in chapter 11, Laws of 2015 3rd sp. sess. and regional mobility grant program funds. To be eligible to receive regional mobility grant program funds, a regional transit authority must have adopted, at a minimum, a zero-fare policy that allows passengers 18 years of age and younger to ride free of charge on all modes provided by the authority by October 1, 2022.

[ESHB 1853 – 2023-24, Sec. 4\(2\)\(b\)](#)

## ACCESS AND LOW BARRIER

**Note:** We've formed a low-barrier, zero-fare policies and measuring youth ridership workgroup with representatives from transit agencies around the state to refine this guidance. We'll update this document with outcomes from the workgroup.

### **Q: Can my agency place limitations or restrictions for youth 18 and under to ride fare free?**

**A:** The Legislature's intent is for youth 18 and under to have as easy low-barrier access to fare-free ridership as possible under the Transit Support Grant Program (ESHB 1853 – 2023-2024, Sec. 12(2)). You should view any attempt at limiting access for youth 18 and under to ride fare free critically.

Your policy must provide fare-free access for all youth 18 and under. You may have other stipulations if they don't violate state or federal law.

Finally, this is an area where we recommend you consult your legal representative to determine level of risk and potential solutions.

### **Q: Can my agency require minors to provide parental consent to ride fare free?**

**A:** Access to fare-free ridership must be low barrier. Any process you implement should be easy to follow. This is an area where we recommend you consult your legal representative. There may be issues outside of our purview regarding privacy or equal access.

### **Q: Can my agency require minors to complete a form to receive a "youth pass" to ride fare free?**

**A:** Access to fare-free ridership must be low barrier. This includes the process for obtaining a youth pass. In most cases requiring minors to fill out forms is likely a barrier to access.

Several transit agencies are creating screening processes to implement Transit Support grants. This includes creating separate fare cards (i.e., youth passes), allowing people 18 and under to use student identification, or simply stating that the rider qualifies.

This is an area where we recommend you consult your legal representative. There may be issues outside of our purview regarding privacy or equal access.

## REPORTING

**Note:** We've formed a low-barrier, zero-fare policies and measuring youth ridership workgroup with representatives from transit agencies around the state to refine this guidance. We'll update this document with outcomes from the workgroup.

### **Q: How and when do I report data for Transit Support grants?**

**A:** Based on guidance from the Legislature, WSDOT recommends you report the total number of trips taken by youth 18 and under and the total number of trips, including paratransit, taken under your Transit Support Grant using data sources that are most convenient and accurate within your currently established processes.

Some options you may consider:

- Automated-fare-collection-system data (i.e., agency-fare-card taps).
- Driver-entered ridership data (i.e., electronic or manual tally of rider/fare types).
- Calculation based on sampling of ridership from surveys.
- Other transit-agency-defined ridership methodology.

WSDOT may accept any of the above for reporting under Transit Support grants. We'll review all data for reasonableness and may request more information about your collection process.

You will report this data through the [Public Transportation Reporting Portal](#) as part of annual Summary of Public Transportation reporting (RCW 47.66.140(3)). Reporting for the Summary typically runs early June to mid-July and covers the preceding calendar year.

## PROGRAM REQUIREMENTS

### Q: How do I apply Transit Support Grant funds in the Grants Management System?

A: You may select the following ways to apply the funds:

- Apply funds to an existing Consolidated project/grant to:
  - Replace local match (i.e., source of match changes; percent match doesn't change).
  - Increase total project cost (i.e., amount of expenses claimed under the grant increases; match percent likely goes down; match total dollar amount doesn't change).

**Note:** If you'd prefer to apply funding to a grant that is not funded through the Consolidated Grant Program, we'll consider the request on a case-by-case basis.

- Create a new standalone grant.
- Hybrid approach (i.e., combination of the options above).

Contact your [community liaison](#) if you have any questions about how apply these funds.

### Q: What is the Transit Support Grant requirement related to local sales taxes?

A:

Public transit agencies must maintain or increase their local sales tax authority on or after January 1, 2022, and may not delay or suspend the collection of voter-approved sales taxes that were approved on or before January 1, 2022, in order to qualify for the grants.

RCW 47.66.140(2) as amended by ESHB 1853 – 2023-2024, Sec. 12(1)

### Q: What is the funding formula for distribution of Transit Support Grant funds?

A: WSDOT must prorate Transit Support Grant funding based on the amount expended for operations in the most version of the [Summary of Public Transportation](#). Also, no transit agency can receive more than 35 percent of the distributions (RCW 47.66.140(1)(a) as amended by ESHB 1853 – 2023-2024, Sec. 12(1) (a) and (b)).

### Q: Does my agency need to expend Transit Support Grant funds by a certain time?

A: You must complete Transit Support Grant funded projects during the biennium for which they are awarded (i.e., awards for 2023-2025 must be spent by June 30, 2025, which is the end of the 2023-2025 biennium).

## VULNERABLE POPULATIONS AND OVERBURDENED COMMUNITIES

### Q: What is the difference between vulnerable populations and overburdened communities?

**A:** Vulnerable populations are population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms due to:

- Adverse socioeconomic factors, such as unemployment; high housing and transportation costs relative to income; limited access to nutritious food and adequate health care; linguistic isolation; and other factors that negatively affect health outcomes and increase vulnerability to the effects of environmental harms.
- Sensitivity factors, such as low birth weight and higher rates of hospitalization.

Vulnerable populations include, but aren't limited to:

- Racial or ethnic minorities.
- Low-income populations.
- Populations disproportionately affected by environmental harms.
- Populations of workers experiencing environmental harms.

Overburdened communities are geographic areas where vulnerable populations face combined, multiple environmental harms and health effects, and include, but aren't limited to communities:

- Designated by the Washington State Department of Health based on cumulative impact analyses.
- Communities located in census tracts that are fully or partially on "Indian country."

RCW [70A.02.010](#) (14)(a),(b) and (11); and [RCW 19.405.020](#)

### Q: What are direct and meaningful benefits?

**A:** Examples of direct and meaningful benefits:

- Reducing vulnerable population characteristics, environmental burdens, or associated risks that contribute significantly to the cumulative-effect designation of highly impacted communities.
- Meaningfully protecting an overburdened community from or supporting community response to the effects of air pollution or climate change.
- Meeting a community need identified by vulnerable members of the community.

[RCW 70A.65.230\(1\)\(a\)](#)

### Q: How do I know if my agency's project will provide meaningful benefits to vulnerable populations or overburdened communities?

**A:** Your project may provide direct and meaningful benefits to vulnerable populations if it provides service to one or more groups that are more likely to be at higher risk for poor health outcomes and environmental harms because of socioeconomic and sensitivity factors.

Your project may provide direct and meaningful benefits to overburdened communities if it provides service to a geographic community that faces disproportionate, cumulative, negative effects from environmental health factors.

## TRANSIT SUPPORT GRANT PROGRAM FREQUENTLY ASKED QUESTIONS

To determine if your project may provide direct and meaningful benefits to vulnerable populations or overburdened communities, you can view your service area in the Washington State Department of Health's [Health Disparity Map](#).

WSDOT automatically considers any project that serves tribes to be serving vulnerable populations.

## English

### Title VI Notice to Public

It is the Washington State Department of Transportation's (WSDOT) policy to assure that no person shall, on the grounds of race, color, national origin, as provided by Title VI of the Civil Rights Act of 1964, be excluded from participation in, be denied the benefits of, or be otherwise discriminated against under any of its programs and activities. Any person who believes his/her Title VI protection has been violated, may file a complaint with WSDOT's Office of Equity and Civil Rights (OECR). For additional information regarding Title VI complaint procedures and/or information regarding our non-discrimination obligations, please contact OECR's Title VI Coordinator at (360) 705-7090.

### Americans with Disabilities Act (ADA) Information

This material can be made available in an alternate format by emailing the Office of Equity and Civil Rights at [wsdotada@wsdot.wa.gov](mailto:wsdotada@wsdot.wa.gov) or by calling toll free, 855-362-4ADA(4232). Persons who are deaf or hard of hearing may make a request by calling the Washington State Relay at 711.

## Español

### Notificación de Título VI al Público

La política del Departamento de Transporte del Estado de Washington (Washington State Department of Transportation, WSDOT) es garantizar que ninguna persona, por motivos de raza, color u origen nacional, según lo dispuesto en el Título VI de la Ley de Derechos Civiles de 1964, sea excluida de la participación, se le nieguen los beneficios o se le discrimine de otro modo en cualquiera de sus programas y actividades. Cualquier persona que considere que se ha violado su protección del Título VI puede presentar una queja ante la Oficina de Equidad y Derechos Civiles (Office of Equity and Civil Rights, OECR) del WSDOT. Para obtener más información sobre los procedimientos de queja del Título VI o información sobre nuestras obligaciones contra la discriminación, comuníquese con el coordinador del Título VI de la OECR al (360) 705-7090.

### Información de la Ley sobre Estadounidenses con Discapacidades (ADA, por sus siglas en inglés)

Este material puede estar disponible en un formato alternativo al enviar un correo electrónico a la Oficina de Equidad y Derechos Civiles a [wsdotada@wsdot.wa.gov](mailto:wsdotada@wsdot.wa.gov) o llamando a la línea sin cargo 855-362-4ADA(4232). Personas sordas o con discapacidad auditiva pueden solicitar la misma información llamando al Washington State Relay al 711.
