

Pavements –Review of Region Pavement Rehabilitation Reports

This performance measure documents the number of days to review, analyze, and concur with Region Rehabilitation Reports. The target for rehabilitation report concurrence is 20 days. Twenty days was set as a target for 2011 and has remained that since. The average time required to review rehabilitation reports for 2012 was 2.5 days. In 2013 there were a total of 64 rehabilitation reports received and the average time required to review and approve the reports for 2013 was 3.2 days. The target of 20 days was not exceeded during 2013 and 17 of the 64 (26.6 %) reports were completed the same day they were started.
