

Memorandum

Date: September 1, 2005

To: Columbia River Crossing Task Force Members

From: Hal Dengerink, Washington Co-chair
Henry Hewitt, Oregon Co-chair

Subject: Vision and Values Statement Revisions

- For Your Information**
- Action/Review Required**

Since July 25, we received several sets of comments on our working draft Vision and Values Statement. Many of the comments reflected similar suggestions and project staff has attempted to address all the issues raised in the comments. To members who provided comments, we appreciate your time on this. The comments submitted electronically or in writing are posted on the project Web site: <http://www.columbiarivercrossing.org/taskForce.aspx>.

Attached you will find a Word document with changes shown in “tracked” text. You will also find the Final Draft text with changes fully integrated. Please review this final draft and be prepared to decide whether to accept it on September 12.

We believe this statement will serve the Task Force well as the foundation for the evaluation of project alternatives.
