

Colman Dock Project: Construction Alert

Demolishing part of the Seattle terminal building

Heads up! Construction inside the Seattle terminal building starts in March. Prepare for a smaller terminal with much less room inside.

- **Follow signs and WSF staff instructions** to new Bremerton and Bainbridge Island waiting areas.
- **Plan for fewer food options on upper level.** Street level shops stay open.
- **Stay alert,** do not enter posted construction zones.

Colman Dock remains open throughout construction, with no reduction in ferry service.
