

WSDOT Recognized Facilities For Testing of Concrete Aggregates

ASTM C1293

These testing facilities listed below have coordinated with WSDOT to test Coarse and Fine Concrete Aggregates in accordance with ASTM C1293.

- Ash Grove Cement Company
11011 Cody, Ste, 125
Overland Park, KS 66210
Dave Burg: 503-913-3573
- CTL Group
5400 Old Orchard Road, Dock B
Skokie, IL 60077-1030
847-965-7500 or 800-522-2285
- Lafarge North America
Attn: Rob Shogren
5400 W Marginal Way SW
Seattle, WA 98106-1517
Rob Shogren: 206-923-9953 or Rob.Shogren@lafarge-na.com
- Simon Forensic, LLC
Attn: Omar Simon
18826 Marine Dr.
Stanwood, WA 98292
Omar Simon: 206-713-3539 or omar@simonforensic.com
- NRMCA Research Lab
Attn: Stuart Sherman
5600 Branchville Road
College Park, MD 20740
Stuart Sherman: (240) 485-1173; (301) 728-5455 or ssherman@nrmca.org
Website: www.nrmca.org/research/lab.asp

In accordance with WSDOT Standard Specification 9-03.1(1), ASTM C1293 sampling and testing must be coordinated through the WSDOT State Materials Laboratory, Documentation Section utilizing the ASA (Aggregate Source Approval) process. Cost of sampling, testing, and processing will be borne by the source owner.
