3. Every eligible displacee receives a choice of one of the following moving expense payments:
   a. Actual and reasonable expenses for:
      (1) Moving the personal property owned by the displacee, family members, business, farm, or nonprofit organizations.
      (2) Other related moving costs as described in Chapter 12 of this manual.
   b. A residential moving expense payment per schedule established by WSDOT of $150 per eligible room, plus a dislocation allowance of $300.
   c. A business or farm may receive a payment equal to its average annual net income over the last two tax years prior to displacement (but not less than $1,000 nor more than $20,000). A business cannot receive this payment unless:
      (1) It cannot be relocated without a substantial loss of patronage.
      (2) The business does not have more than three other establishments engaged in the same business.
      (3) The business has personal property that must be moved.

4. The occupant of a dwelling may receive a replacement housing payment as follows:
   a. If the displacee has been the owner-occupant for at least 180 days prior to the date of initiation of negotiations, and if the displacee buys and occupies decent, safe, and sanitary (DSS) housing not later than one year from the later of the date on which final payment is received or the date the displacee moves from the acquired property, the replacement housing payment may include:
      (1) Purchase price supplement as determined by WSDOT standards, up to a statutory maximum of $22,500.
      (2) Increased interest expense.
      (3) Title, recording, and certain other closing costs for the replacement housing.
   b. If the displacee has been the legal occupant for at least 90 days prior to the date of initiation of negotiation and if the displacee rents and occupies DSS housing not later than one year from the date the displacee moves from the acquired property, the replacement housing may include:
      (1) Rent supplement as determined by WSDOT standards up to a statutory maximum of $5,250, or
      (2) Down payment to purchase a DSS dwelling; however, the down payment cannot exceed the rent supplement as determined by WSDOT.
b. Sketch and photograph: Need not be drawn to scale but must include dimensions of land and any improvements, access frontages, or easements, photo directions, north arrow, abutter tracts labeled “A,” “B,” “C,” etc., and nearness to a landmark so it can be located in the field. A minimum of one Polaroid-type photograph of the parcel is required in this section.

2. Item VI

a. The appraiser correlates attached comparable sales Market Data (Forms RES-210 and RES-210B) to an estimate of the market value as an entity. If the parcel is such that no sales of comparable properties exist, the Appraiser estimates value and justifies the conclusion using sound and consistent reasoning.

b. In this section the Appraiser lists the names and mailing addresses of the abutters noted as “A,” “B,” etc., on the sketch. In the case of abutters under contract, the contract vendee is considered the abutting owner.

3. Item VII

a. The Appraiser’s concluded entity value is inserted at A.

b. For each abutting property, the Appraiser lists the unit value (per SF, per acre, etc.) at B, based on the Appraiser’s knowledge of land values per brokers, sales, etc., in the vicinity.

c. The Appraiser lists the unit value of abutter lands, assuming each is joined with the subject, at C.

d. The Appraiser signs and dates the Surplus Property Report and submits the original to the Appraisal Review Section Supervisor.

e. When using the short form or standard narrative form for appraisal of surplus properties, the Appraiser attaches the Surplus Property Report to the appraisal addenda, filling out only These portions in 3a, b, c, d.
8-3.1.3 Procedures

8-3.1.3.1 Payment of Current Year’s Tax

Note: Refer to Section 8-3.1.2B.

A. For either a total or a partial acquisition, the Acquisition Agent, or the owner’s election:

1. Allows the owner to pay the tax lien. The Acquisition Agent includes proof of the payment with the Right of Way Acquisition Transmittal.

2. Pays the tax lien by a separate Real Property Voucher (DOT Form 262-039) made payable to and signed by the appropriate County Treasurer. The amount of this voucher is shown as a deduction on the “principal” Real Property Voucher.

3. If the mortgagee is holding reserves to pay the real property taxes, obtains a “Tax Payoff” letter from the mortgagee. The Acquisition Agent requests that this letter be prepared and signed by the appropriate official of the mortgage company guaranteeing payment of the real property taxes. He includes this letter in the data package transmitted with the Right of Way Acquisition Transmittal.

B. If the transaction is to be closed in escrow, includes instructions to pay the real property tax in the escrow agreement.

8-3.1.3.2 Payment of Delinquent Taxes

The Acquisition Agent clears the lien of delinquent taxes by using the procedures of Section 8-3.1.3.1. If a separate voucher is written for the payment, the Acquisition Agent has the County Treasurer compute the interest to be charged allowing sufficient lead time (approximately 60 days) to enable payment to be received by the County Treasurer. If desired, a statement may accompany the voucher.

8-3.1.3.3 Payment by Tax Segregation

On a partial acquisition, the Acquisition Agent or the owner may request that the County Assessor segregate both the assessed valuation and the real property taxes between the property acquired by the state and the remainder. Then the taxes are paid on at least the portion acquired by the state (RCW 84.60.070) using the procedures in Sections 8-3.1.3.2 and 8-3.1.3.3.

8-3.1.3.4 Clearance by Tax Set Over

On a partial acquisition, if the assessed valuation of the remainder exceeds the total amount of all current and delinquent taxes, the amount of the real property tax applicable to the state’s acquisition may be “set over” to the remainder thus avoiding the necessity of making a tax payment prior to closing. The Tax Set Over Letter (Figure 8-3.1.3.4) may be prepared by the Acquisition Agent, is signed by the owners and is approved by the County Assessor and the County Treasurer. The Acquisition Agent includes the Tax Set Over Letter in the data package transmitted with the Right of Way Acquisition Transmittal.
c. The documents of release are “Release of Lien” and “Partial Release of Lien.”

d. The documents of release are drafted for each specific case under the supervision of the Region RESM in coordination with the Assistant Director of the Title and Condemnation Program.

e. The documents of release are recorded with the County Auditor instead of filing with the County Clerk.

B. Federal Tax Lien: The Acquisition Agent clears the Federal Tax Lien by adapting the procedures for clearing of “Judgments” in Section 8-3.4 under the following conditions:

1. Deals with the Internal Revenue Service (IRS) office closest to the property.

2. Requests that the IRS file a release where the debtor indicates the debt has been paid.

3. Includes a copy of the debtor’s receipt identifying his payment of the debt or a copy of the release with the Right of Way Acquisition Transmittal.

C. Lien on Estate of Deceased: Refer to Section 8-5.5.

D. Miscellaneous Monetary Encumbrances: When the Title Report or any information obtained by the Acquisition Agent discloses or raises questions concerning possible existence of other types of indebtedness on the part of the state’s grantor, the Acquisition Agent refers the information to the Region RESM and requests specific guidance.

8-3.6 Clearing of Deeds of Trust, Mortgages, and Other Monetary Liens

Partial Reconveyances or Releasess are not required on partial acquisitions when the dollar amount of compensation does not exceed $5,000 and there are no appreciable improvements in the area being acquired.

If the compensation is between $5,000 and $10,000, the form Request to Accept Encumbrance (Figure 8-3.3.4) is completed by the Acquisition Agent and sent to Headquarters for consideration prior to transmittal of the parcel file.

The form is self-explanatory and must be completed before submission.

Most mortgages and deeds of trust contain an eminent domain clause calling for all proceeds to be applied to the unpaid balance; if not, the lender can call all amounts immediately due and payable. The agent must inform the property owner of this fact and so note in the activities diary. The response of the owner should also be clearly noted.

If the owner elects to apply the proceeds to the unpaid balance, that is their decision. In this case, we will not require a release.

Note: This procedure does not apply to DSHS liens and other child support judgments.
B. The Acquisition Agent:
   1. Handles encumbrances in accordance with instructions by the Region RESM as in A, above.
   2. Makes appropriate explanations in his Encumbrance Report (see Section 8-2.1.2C).

### 8-4.8 Vacated Streets and Roads

#### 8-4.8.1 General

A. Streets and roads are vacated by either city or county ordinance. Such vacations will be noted in the PC.

B. If applicable, the *Nonuser Statute* (RCW 36.87.090) may be used as the basis to vacate a platted street.

*Note:* The state of Washington has no statutory authority to vacate any road, street, or highway. The *Nonuser Statute* is permissive only and action thereunder must be taken by the city, county, or courts to perfect title.

#### 8-4.8.2 Rules

A. A recorded claim of title to a vacated street will appear in the PC, and is cleared by the Acquisition Agent in the course of the negotiations with the abutting owner (i.e., the property owner to whose lands the vacated street or road “attaches by operation of law”).

B. A nonrecorded claim of title to a vacated street or road must usually be perfected by a court decree.

C. The *Nonuser Statute* permits the vacation of a street or road under the following circumstances:

1. If the street is dedicated by a plat:
   a. The plat must have been recorded prior to March 12, 1904.
   b. The plat must have been outside the corporate limits of a city or town at the time of platting and for five years thereafter.
   c. The streets dedicated on the plat must have remained unopened for a five-year period prior to March 12, 1909.

2. If the street or road is not dedicated by a plat:
   a. The street or road must have remained unopened for public use for a period of five years after the order is made or authority granted for opening it.
   b. The lands must have not been conveyed to the state, or to any county, city or town for highways, streets, roads, alleys, or other public places.
2. If, prior to the decree, property is vested as the separate property of one of the parties and the property is not mentioned in the court action, the property remains the separate property as last vested.

3. If the court action took place in another state, the validity of any award of property in this state is questionable for lack of jurisdiction.

C. A lump sum judgment against either party awarded in the decree, becomes a lien against that person’s property, but if the lump sum judgment was entered in another state, it is not a lien against property in this state until the foreign judgment has been registered in this state and additional proceedings completed to levy on the local property (RCW 6.36).

8-5.4.2 Rules

A property settlement granted by any county in this state is valid as to the award or division of real property in all counties in the state.

8-5.4.3 Procedures

A. The Acquisition Agent:

1. Obtains from the parties in interest, information concerning current marital status and any related property settlement.

2. If the field inquiries indicate a conflict with the disclosures in the title report, obtains the following information from the parties at interest:
   a. Place of the court action (county, state).
   b. Date of the decree.
   c. Full names of the parties to the dissolution.

3. Submits the information to the Region RESM and requests further instructions.

B. The Region RESM:

1. Makes the following determination:
   a. Whether a decree has been entered.
   b. Whether the appeal period has expired.
   c. Whether the property in question was awarded in the court action.
   d. Whether, and against whom, a judgment was entered in the court action.

2. Submits any relevant information to the title company and requests an SPC.

3. Provides the Acquisition Agent with any necessary special instructions.

C. The Acquisition Agent closes the transaction dealing with the parties in accordance with any special instructions and the following, as applicable:

1. If the property was community property and not awarded in the court action, joins both parties in a normal conveyance as tenants in common (see Chapter 9).

C. If money is to be paid in relation to an agreement or for a release of an interest, e.g., damages, judgment, or lease, in a secondary Real Property Voucher, the specific amount of the consideration is shown in words and numerals:

1. “. . . ONE THOUSAND FIVE HUNDRED AND NO/100 Dollars ($1,500.00) . . .”

9-7.2 Rate

If money is to be paid periodically as in a lease, the amounts to be paid and the frequency of payments are included, adapting suitable language based on the following examples:

A. “. . . Ten and No/100 Dollars ($10.00) per month . . .”

B. “. . . Ten and No/100 Dollars ($10.00) per month together with Two Cents ($0.02) per cubic yard of materials removed by the state of Washington and/or its assigns during each such monthly period . . .”

C. “. . . Mutual Benefits and Six Cents ($0.06) per cubic yard of materials removed by the state of Washington and/or its assigns, payable annually (semi-annually) . . .”

D. “. . . On a royalty basis at the rate of $__________ per cubic yard of material removed by the state as measured by a cross section survey of the excavated area at the completion of each contract, said royalties to be paid promptly at the completion of each such contract . . .”

9-8 Conveyance Clause

9-8.1 General

A. The conveyance clause states the exact terms and conditions of conveyance. The complexity of the language varies with the function of the conveyance.

B. A deed normally contains a simple statement to “convey and warrant,” (“Warranty Deed”) or “convey and quit claim” (Quit Claim Deed).

C. In an “Access Rights Only” deed, the complete conveyance clause also becomes the access clause.

D. Easements, permits, leases, options, etc., require additional conveyance language. See Chapter 13 for examples.

E. The conveying language is followed by the name of the grantee (“the state of Washington”) and nature of the interest conveyed, e.g., “the following described real property” (in a deed); “the temporary right to use and occupy the following described real property” (in a lease or permit).

9-8.2 Easement

A. An easement conveys a permanent interest in specific property rights. The interest acquired can be extinguished by merger, abandonment, or relinquishment.
B. Form RES 324 ‘EALEMENT’, contains the basic easement language (‘convey and grant’) into which is inserted the language which describes only the interest which the state acquires, for example: ‘... construction and maintenance of a Channel Change Facility of the Cedar River...’.

9-8.3 Temporary Easement, Right of Entry, Permit

These documents are used to obtain the temporary use of a property for a specific purpose. The document needs to clearly state the purpose and the termination date.

9-8.3.1 Temporary Easement, Temporary Construction Easement

A. Temporary easements are used when the state requires a property right of a temporary nature that involves construction activities on privately owned property. In cases where the work to be performed is not beneficial to the property owner, just compensation may be paid. A temporary easement is not revocable by the property owner and may recorded to place constructive notice of the rights the state has acquired.

B. Form RES 325 ‘TEMPORARY EASEMENT’ contains basic language to into which is inserted the specific language describing the reason for the temporary easement and the expiration date of the temporary easement.

9-8.3.2 Right of Entry

A. A right of entry is a personal not a property right. It gives WSDOT permission to perform a service at the will of the property owner. 12-3.4 Contracting Procedures

The department normally maintains an established organization adequately staffed and equipped to administer the relocation assistance services and payments required by this manual.

A. The department may enter into agreements with other public agencies pursuant to RCW 39.34 when requested to provide services to such agencies pursuant to RCW 8.26.095.

B. Where department employees are directly engaged in project activities or provide technical guidance, consultation, training, or otherwise work directly on specific projects to assist employees of another public agency to accomplish relocation assistance operations or in escalating such project operations to an acceptable level of performance, the costs of such project activity may be charged to such project in accordance with Chapter 1 of this manual.

C. WSDOT monitors relocation assistance activities conducted by any public agency (or individual, firm, association, or corporation under contract to such public agency) engaged in the acquisition of right of way for public works projects in which federal funds will participate. These agencies are required to notify WSDOT in advance of acquisition for federal aid projects in order for WSDOT to perform as the “Lead Agency” as required by RCW 8.26.

12-4 General Relocation

12-4.1 Definitions

A. Acquired — For the purpose of this chapter, “acquired” means WSDOT obtained legal possession of the real property. The date of such possession is the date on which final payment for the property is made available to the owner(s) or to the court. Where WSDOT has obtained early possession under a Possession and Use Agreement, legal possession is the time specified in the pertinent document or, if not specified, in such document, upon making payment as required by such document.

B. Acquisition Price — For the purpose of computing replacement housing payments, the “acquisition price” is the cost WSDOT pays for the property acquired. The amount is determined from the Real Property Voucher. The amount of any administrative settlement is included and remains a part of the final settlement. Any amount paid by the displacee for salvage rights is considered an expenditure by the displacee toward the purchase of replacement housing. The amount of the “final settlement” in the case of a donation is considered to be fair market value. For court award cases or cases involving an administrative settlement, the amount of the just compensation is analyzed to determine acquisition price.
